# AGPT transition

## Foreword

ACRRM and GPTT have worked to co-design this plan for the transition of the Australian General Practice Training (AGPT) program from GPTT to ACRRM on the 30 September 2022.

Both parties have agreed to use the contents of this plan to inform internal and external communication, resources and mutual accountabilities. The collaboration and goodwill shown during the plan's development will help ensure a smooth process for all concerned, including those residing within rural and remote communities.

The transition plan is a living document. Both parties expect that there may be changes over time to activity timelines due to changes in external factors or as implementation is undertaken. Any changes will be by mutual agreement.

Date of agreement: 11/08/2022
