

# Rural Experienced Entry to Fellowship (REEF)

Be recognised for your rural  
or remote medical experience.

Rural Experienced Entry to Fellowship (REEF) is designed for doctors who hold specialist registration in general practice in Australia to achieve Fellowship of ACRRM through an Australian Medical Council (AMC) accredited pathway.

**Find out more**

## Eligibility requirements

- Hold current unconditional specialist registration with the Medical Board of Australia (MBA).
- Ideally a minimum five years of rural experience post Specialist registration.
- Demonstrated extended practice relevant to the community needs.
- Currency and compliance with an AMC-accredited continuing professional development program.

## Application checklist

- Demonstrate five years or more of rural practice since gaining Fellowship or specialist registration. This may include:
  - Rural experience supporting information, e.g. letter from employer(s) and/or colleagues or employment record(s).
  - Extended practice supporting information, e.g. clinical privileges letter(s) / certificate(s).
- Provide letters of recommendation from two FACRRMs.
- Provide your current curriculum vitae Undertake an interview with an ACRRM Assessor.

Applicants not enrolled in the ACRRM Professional Development Program must also provide:

- Evidence of completion of last PDP triennium and participation in current PDP triennium
- Evidence of completion of Advance Life Support (ALS)

You will be invited to attend a structured interview via video conference.

4

Your application will be reviewed by the Censor-in-Chief.  
If appropriate, a recommendation to the College Board provided.

5

Fellowship awarded.

“

*I would recommend REEF for those who would like recognition of their rural and remote experience. It is always useful to review how we practice, and this was certainly a good chance to reflect on many aspects of my work.*
